

## DAY 1

### *Reaching People with Disabilities*

People with disabilities can be considered a "hidden people group." They are seen and loved by God though!

Pray that people with disabilities worldwide will be seen by the church and will have an opportunity to hear the gospel.

## DAY 2

### *Welcomed by the Church*

In many cultures and worldviews, disability is considered a curse or punishment, or caused by the evil eye.

Pray that churches will have a biblical view of disability and welcome people with disabilities in their congregations.

## DAY 3

### *Engaged in Mission*

Believers with disabilities may sense a missional call but don't always have the opportunity to go and serve.

Pray that mission organisations will be equipped to facilitate the missional call of believers with disabilities.

## DAY 4

### *Disability Ministries*

The leaders of Christian disability ministries may lack training and therefore face many challenges.

Pray that disability ministries and their leaders will have training opportunities and feel supported in their ministry.

## DAY 5

### *Leaders with Disabilities*

Gospel workers with disabilities have fewer opportunities to develop and to serve as leaders.

Pray that gospel workers with disabilities will be given chances to develop their leadership potential.

## DAY 6

### *Pastors Trained*

Many pastors worldwide don't receive training in welcoming and engaging people with disabilities in their churches.

Pray that future pastors will receive training in disability theology and ministry and are equipped to make a difference.

## DAY 7

### *The Entrusted Ministry*

"Entrusted: Disability & Mission" seeks to engage people with disabilities in mission through providing training and resources.

Pray that the "Entrusted" team may grow and may sense the Lord's guidance for the development of the ministry.
