

**DAY 1**  
*For Freedom Team*

Pray for wisdom, courage and spiritual protection over the *For Freedom* team as they lead SIM's anti-trafficking efforts globally.

*Isaiah 1:17*

**DAY 2**  
*Awareness*

Traffickers use deception and false promises of jobs, relationships and education to lure their victims. Awareness of these tactics can be the key to not being trafficked. Pray for growing awareness of how traffickers work and common traps amongst people who are targeted.

*Psalms 71:4*

**DAY 3**  
*Relationships*

Isolated, unconnected people are at great risk of being trafficked. Pray SIM workers and local churches may intentionally establish relationships with people vulnerable to human trafficking in their communities, linking them with broader support networks.

*Psalms 68:6*

**DAY 4**  
*Protection*

People without access to food, work, health care, education, and other protective factors are at great risk of exploitation and trafficking. Pray for provision of daily necessities for vulnerable communities.

*Proverbs 14:21*

**DAY 5**  
*Resilience*

Individuals and communities that work together become more resilient and trafficking threats are reduced. Pray for strong relationships and community connections that will enable trafficking dangers to be identified and addressed.

*Psalms 9:9-10*

**DAY 6**  
*Integrity*

Deception, fake jobs, false love – a lack of integrity fuels exploitation. Pray for integrity of ministry practice and relationships, and for ethical consumption within SIM and the local church; so that our communities can be places of welcome and safety for people vulnerable to trafficking.

*Proverbs 21:15*

**DAY 7**  
*Transformation*

Pray for those who are involved in human trafficking - for those who are trafficked, and for those who do the trafficking. Pray they will know they are made in God's image and precious in his sight. Pray they will find new life and freedom in Jesus Christ.

*Genesis 1:26-27*

*For Freedom* is the global anti-trafficking ministry of SIM focused on preventing human trafficking in the communities where SIM serves.
