

Dear Friends,

Thank you for being a valuable partner in God's Global mission through SIM (Serving in Mission)! Your faithful support in prayers and finances enable us to continue the mission of making Christ known to those who have yet to hear the Gospel.

As a valued supporter of the ministry of SIM Australia, we want to keep you updated with bi-monthly updates about two key aspects of our work:

- **SIM's Mission Global Fund** helps us strategically respond to Gospel needs in our changing world. Your support mobilises more people for God's mission and enables our workers to continue serving in least reached communities.
- **SIM's Home Ministry Team** in Australia provides the systems, processes and structures that are critical for our mission workers. Your support helps our workers focus on their ministries while SIM's home staff team assists them from Australia. SIM's Home Ministry provides the essential support services that enable us and our workers to continue serving in global mission.

One of the countries where SIM facilitates workers to least reached communities is Japan. It is a nation with a population of 126 million with only 0.3 percent evangelical Christians. For workers such as Jamie & Annabelle*, your partnership has enabled us to respond to a strategic Gospel need and mobilise them to serve on mission with us in Japan.

Annabelle shares, *"We will be seeking to equip Japanese Christians in reaching Japanese people. Due to the significant cultural differences and hard soil for the Gospel, we are prepared to serve the Japanese people long term."*

SIM's heart is for Christ's name to be made known amongst the world's least reached by sending more Gospel workers and helping them thrive in their ministries.

Like Jamie & Annabelle, our mission workers are supported with ongoing care, training and finances through SIM Australia and the global SIM community. Joanne is a member of our SIM Australia home team working in finance, *"We partner with God's people and His work so that our mission workers can be freed up to spend their energy and giftings in what God has called them to do."*

I trust this has given a glimpse of the ways your partnership with SIM Australia is enabling our mission workers and supporting us in taking the Gospel to the nations.

Together in Him,

Malcolm Watts
SIM Australia National Director

PRAY: Pray for SIM Australia as we support our mission workers serving in least reached communities around the world. Pray also that our workers would remain resilient in their contexts as God provides what is needed to keep them serving on the mission field.

GET INVOLVED: SIM facilitates mission workers through raising up, sending out and equipping workers for the Harvest. If you would like to learn how you can be involved through SIM, we would love to hear from you. Please contact our Partner Relations Team: partner.relations@sim.org.au or call 1300 746 580.
